

FOR IMMEDIATE RELEASE

Allen Corporation Announces Sale of Communication Technology Division

Fairfax, VA – May 3, 2022 - Allen Corporation is pleased to announce that we have reached an agreement with Communications Resources Inc. (CRI), Chattanooga, TN whereby CRI has acquired the Communication Technology Division (CTD) of Allen Corporation of America, Inc. effective on May 1, 2022.

This is exciting news for CTD customers and employees who will now become a critical component of a much larger, nationally respected Mitel Platinum Dealer. In today's communications industry we expect to see significant acquisition and contraction as companies struggle to find the right scale to manage their business. With CRI's impressive size and expertise reflected by their Platinum status, this is a great opportunity for them to acquire our impressive customer base, employee skills, and expertise with the MiVoice Business solutions.

Many of us have been working closely with CRI and their leadership team over the past 18 months as we provided design and implementation support for their large projects. The success of these projects, and CRI's admiration for CTD's employees and processes, convinced them that CTD was a company that shared their commitment to its customers.

For those who are not familiar with CRI you are invited to learn more about them at www.gocri.com
