## PRESS RELEASE

April 25, 2022, Skaneateles, NY

### WetStone Partners with WE Data Solutions in Brazil

Skaneateles, NY – April 25, 2022— WetStone Technologies, the world’s leading provider of commercial steganography detection software, today announced a value-added reseller agreement with WE Data Solutions, an international partner dedicated to addressing the digital forensics requirements of their clients in Brazil. The agreement encompasses the resale of WetStone’s StegoHunt™ MP, StegoCommand™, Gargoyle Investigator™ MP, and Gargoyle Investigator™ LE products.

“We are excited to welcome WE Data Solutions to our partner network” said Carlton Jeffcoat, Senior Vice-President for WetStone Technologies. “The partnership between WE Data Solutions and WetStone brings together two industry leaders in technology solutions for investigators and analysts engaged in cybercrime investigations, digital forensics, and incident response. We look forward to advancing our cooperation with WE Data Solutions in Brazil.”

"We know that criminals are getting more sophisticated day by day to remain undetected in their incursions. Through our partnership with WetStone technologies, we can offer an assertive response with effective tools such as malware discovery, CSAM detection and steganalysis tools" said Washington Almeida “We are excited to join hands and partner with WetStone Technologies, the award-winning cyber security division of Allen Corporation of America” said Washington Almeida, Founder & CEO of WE Data Solutions. “WetStone offers a unique set of digital forensic tools. We look forward to providing these tools to investigators in Brazil”.
